

# Evo

## Product Specification

Pile Height (mm):	18* 13**
Total Height (mm):	20
Pile Weight (g/m <sup>2</sup> ):	1260
Machine Gauge:	3/16
Stitch rate/metre:	170
Stitches (m <sup>2</sup> ):	35700

Tufts (m <sup>2</sup> ):	71400
Total Filaments (m <sup>2</sup> ):	714000
Total Dtex:	8000
Total Weight (g/m <sup>2</sup> ):	2068
Roll Width (LM):	4
Shipping Weight (kg/m <sup>2</sup> ):	2.2

## Yarn Characteristics

Yarn:	Monofilament
Material:	Polyethylene
Yarn Type:	Texturised
Colours Available:	Field Green, Olive Green, Dark Green, Blue, Rust, Red, Magenta, Black, Purple
Line Colours:	White, Yellow

## Backing Characteristics

<b>Backing Cloth:</b>	Multi-layer fleeced backing
<b>Backing Compound:</b>	High performance latex compound, specifically designed for sports products and bespoke to TigerTurf

## Guarantee

6 years

Product guarantees are subject to correct installation and continual maintenance of surface in accordance with TigerTurf guidelines. Please refer to TigerTurf for full details and conditions.

## Accreditations

## Product Note

This product is made from our market leading texturised monofilament yarns. These products offer exceptional wear, long life and non-directional play for ball sports.

During the texturization process, the yarn will occasionally display variation in appearance when the final product is tufted, creating faint lines or spots when the turf is installed. These lines or spots are not pile height irregularities, colour variations and do not affect the UV performance of the product in any way. Neither do they affect the playing characteristics, durability, or life expectancy of the product.

These minimal variations are unavoidable during the manufacturing process therefore TigerTurf cannot guarantee these lines or spots will not be visible when the finished product is installed and will not accept warranty claims or offsets relating to these as they do not impact the products fit for purpose attributes.
